

# **POWERTHIN<sup>®</sup>**

## **PHASE II<sup>™</sup>**

**POWER-PACKED FAT FIGHTING FORMULA WITH  
ADVANTRA Z AND EGCG †**

- ***GAIN ENERGY*** †
- ***INCREASE METABOLISM*** †
- ***CURB APPETITE*** †
- ***REDUCE WATER RETENTION*** †

Power Thin Phase II<sup>™</sup> is scientifically formulated to increase calorie burning, mobilize stored body fat, and give you the energy you need to achieve the physique you want. With a combination of herbs and nutrients unequalled by other fat loss formulas, Power Thin Phase II<sup>™</sup> begins working immediately by boosting energy and suppressing appetite. The key to weight loss is burning more calories than you consume, and that is exactly what Power Thin Phase II<sup>™</sup> was designed to do. †

By combining the use of this product with regular exercise and a sensible nutritional plan that reduces fat and sugar intake while increasing the consumption of vegetables, lean meats, fibrous grains, and water intake, you'll be well on your way to achieving your goal of a lean, sexy and fit body. †

# Power Thin Phase II™

## Ingredients and their purpose

**ADVANTRA Z®** (Citrus aurantium) - Increases metabolism, stimulates thermogenesis, supports weight reduction, and provides energy. Advantra Z® can also improve athletic performance. †

**CAFFEINE** - Appetite suppression and release of free fatty acids for use as energy. †

**GREEN TEA LEAF EXTRACT** - Provides antioxidants and EGCG shown to help maintain a higher metabolic rate while protecting the body from free radical damage. †

**COCOA SEED EXTRACT** - Appetite suppression, release of free fatty acids for use as energy, antioxidants, phytonutrients. †

**MACA** - (Lepidium meyenii peruvianum Radix) Adaptogenic herb from Peru used for its ability to stimulate energy, balance hormones, relieve stress, and improve athletic performance. †

**YERBA MATE LEAF** - This unique South American herb is adaptogenic in nature and helps with weight loss, stress relief, energy production, gentle diuretic and colon cleansing. †

**QUERCETIN** - Powerful antioxidant and anti-inflammatory known to support the fat burning mechanisms of the body while protecting it from free radical damage. †

**VINPOCETINE HERB EXTRACT** - (Vinca minor) Supports oxygenation of the tissues integral to burning fat. Supports brain function and healthy mood by increasing blood flow and improving oxygen utilization. †

**YOHIMBINE HCL** - Alpha receptor antagonist that stimulates energy production and perpetuates the fat burning mechanisms. Also supports healthy sex drive. †

**ACETYL L-CARNITINE HCL** - Support healthy mood, acetyl choline levels, energy production, and sex drive. †

**GINGER ROOT** - Support intestinal health and digestion while acting as a mild diuretic. †

**GUGULIPID EXTRACT** - Support proper thyroid function to maintain healthy metabolism as well as supporting the maintenance of healthy HDL cholesterol levels. †

**L-TYROSINE** - Precursor to lipolytic body chemical Epinephrine and Norepinephrine, which stimulate the breakdown of body fat. L-tyrosine is also a precursor of Dopamine and may heighten mental alertness, increase feelings of well being, while decreasing feelings of depression, and offsetting physical and mental fatigue. †

**WHITE WILLOW BARK** - Keeps the metabolic fire burning by supporting the fat burning mechanisms. It is an anti-inflammatory, a fever reducer, an analgesic, an anti-rheumatic, and an astringent. †
